

THIS, THE NEW YEAR'S, ISSUE OF THE KOJI GAHO IS DEDICATED TO THE EUROPEAN AND AMERICAN ENGINEERING FIELD IN APPRECIATION OF THE ASSISTANCE THEY HAVE RENDERED IN INTRODUCING OCCIDENTAL ENGINEERING METHODS TO JAPAN. TO THE WESTERN COUNTRIES WE MUST EXTEND OUR HEARTY THANKS FOR THEIR COOPERATION IN THE DEVELOPMENT OF JAPAN'S NATURAL RESOURCES. THE RESULT OF THIS ADVANCEMENT IN THE ENGINEERING FIELD HAS BEEN PARTICULARLY EVIDENT SINCE THE NATIONAL CALAMITY, THE EARTHQUAKE AND FIRE, OF SEPTEMBER, 1ST, 1923, AND WE PRESENT IN THIS ISSUE SEVEN OF THE LARGEST PROJECTS NOW UNDER CONSTRUCTION. TO ALL OF THOSE WHO ARE INTERESTED IN THE FLOWERY KINGDOM WE EXTEND A HEARTY NEW YEAR'S GREETING.
